

Things We Will Not Do To Get Customers.

We like to do business, we enjoy it. Nothing fascinates us more than selling goods.

BUT we will not stoop to deceit, over-talk and over-promises

AND although we do not go to every extreme to get customers, we do go to every extreme to hold them.

WE believe in the goods we sell. We believe they are the very best the market affords.

WE know our prices are as low as will permit of honest merchandising.

WE keep our conduct abreast of our efforts, and therefore you can deal with us with satisfaction, with profit, with pleasure and safety.

Avoid Sedative Cough Medicines. If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.
